

# Octopus Uses Coconut for Shelter

Name \_\_\_\_\_ Date \_\_\_\_\_

**Directions:** Write your responses on this sheet or on separate paper.

1. How do you think the octopus found the coconut shell on the ocean floor?
2. How else do you think the octopus could use coconut shells, other than for shelter?
3. If octopuses had shorter tentacles, do you think they could move the coconut shell?  
Why or why not?
4. Since some garbage thrown into the ocean is useful for animals, should humans keep throwing garbage in the oceans? Why or why not?
5. How do you think this octopus discovered that the coconut shell could be useful?
