

Weird Animals: Painted Flutemouth Fish

Name _____ Date _____

1. What is another name for the painted flutemouth fish?

2. Why does the painted flutemouth sometimes swim in an upright position? What is it doing?

3. Why do you think fish come in so many different shapes and sizes?

4. The painted flutemouth gets its name because it looks like a flute. Can you think of another animal that is named after something it looks like?

5. The title of this video is *Weird Animals*. Do you think the painted flutemouth is weird? Why or why not?

Teacher Instructions: Have students write their responses on this sheet or on separate paper.
