

# JunoCam in Jupiter's Orbit

Name \_\_\_\_\_ Date \_\_\_\_\_

**Directions:** Write your responses on this sheet or on separate paper.

1. What is the purpose of the animation in this video?

2. How is Jupiter similar to and different from Earth?

3. What are the stripes on Jupiter's surface?

4. If you could send a camera into outer space, which planet would you like to study, and why?

5. Do you think it is important to study Jupiter and learn more about it?
