

Weird Animals: Sea Cucumber

Name _____ Date _____

Directions: Write your responses on this sheet or on separate paper.

1. What do sea cucumbers eat?

2. How many different kinds of sea cucumbers are there? Why do you think there are so many different kinds?

3. Why do you think some sea cucumbers have so many spikes on their bodies? What are the spikes for?

4. If a sea cucumber doesn't have a brain, how does it find food and decide what to do?

5. Is a sea cucumber a living thing? Provide at least two reasons it is or is not.
