

Creatures of the Deep: Basket Star

Name _____ Date _____

Directions: Write your responses on this sheet or on separate paper.

1. Why do you think this animal is called a *basket star*?

2. How does the basket star capture its prey?

3. The basket star can regrow a limb that has broken off. Can you think of any other animals that have this ability?

4. Can you think of a different name for this animal, based on features you learned about in this video?

5. If you were looking at the basket star for the first time, would you think it was an animal or a plant? Why?
